To Infinity and Beyond ... We're the Link Between Sky and Earth

Once your satellite is mission-ready, we take it from there. Our platform connects you with verified launch facilities and handles the details — so you can focus on what you do best: building the future of space.

About Us

At Lift-off, we believe getting to space shouldn't be the hardest part of your satellite mission. That's why we've built a platform that bridges the gap between satellite manufacturers and rocket launch providers—**removing friction, reducing costs, and accelerating timelines.**

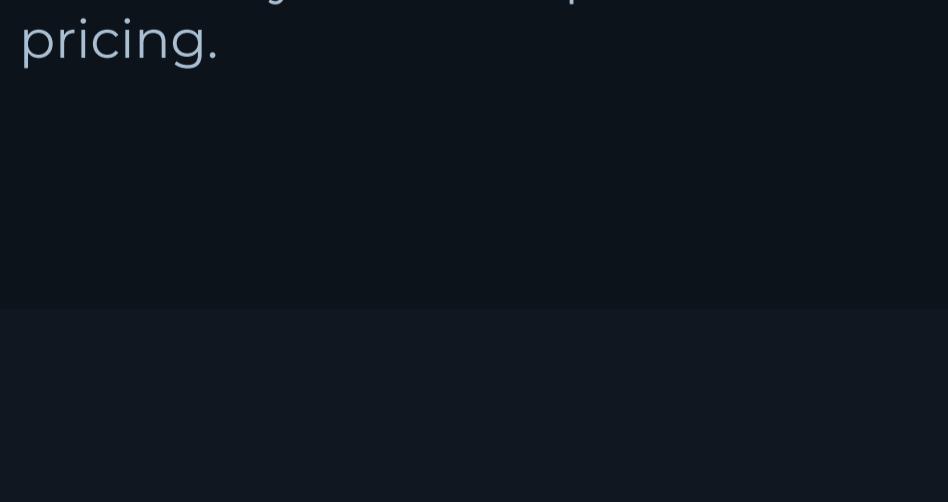

Our mission is simple: democratize access to space by creating a seamless, centralized hub for launch matchmaking. From small CubeSats to larger payloads, we empower innovators by making launches accessible, transparent, and tailored to their needs.

We're not just building a product—we're building the future of orbital logistics. Together, we form a global ecosystem that fuels innovation, exploration, and opportunity beyond Earth.

Join the **Lift-off** community—where collaboration meets the cosmos.

Services

Launch Matchmaking

We connect satellite builders with compatible launch providers based on orbit, payload type, timeline, and budget. Our algorithm-driven platform curates the best matches with real-time availability and transparent pricing.

Mission Management Tools

From booking to liftoff, we provide tools that help teams manage documentation, timelines, payload readiness, and provider communications—all in one intuitive dashboard.

Payload Integration Support

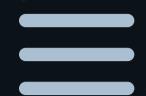

We go beyond bookings by offering guidance on integration processes, compliance checks, and technical readiness. Our partners and in-house advisors ensure a smooth journey from lab to launch pad.

Ready to Launch? Let's Connect

Have questions, ideas, or just want to explore how Lift-off can power your satellite's journey to space? We're here to help. Whether you're a satellite manufacturer, launch provider, or just space-curious, our team is always ready to assist.
